SHURE PRO AUDIO SYSTEMS: UNPARALLELED AUDIO EXPERIENCE

INTELLIMIX P300 DIGITAL SIGNAL PROCESSOR

IntelliMix® P300 enhances every aspect of conference audio. The clear sound reproduction and intelligent mixing keeps the agenda on track with clear communication.

MXA910 CEILING ARRAY MICROPHONE

An elegant approach to conferencing audio, MXA910 eliminates equipment clutter, leaving more room for clarity. Instead of focusing on a microphone's position, you can concentrate on compelling communication.

MXA710 LINEAR ARRAY MICROPHONE

Place the MXA710 virtually anywhere in a meeting space, including on a wall, around a display, ceiling, or into a conference room table. With a sleek design available in two sizes, it provides high quality audio capture for AV conferencing without sacrificing aesthetics of today's modern spaces.

MXA310 TABLE ARRAY MICROPHONE

The MXA310 integrates smartly into any space. You can ensure speech is captured accurately and reproduced intelligibly. With Steerable Coverage™ and a low profile design, it removes unnecessary clutter, giving you even more clarity.

MXN5-C NETWORKED LOUDSPEAKER

The MXN5-C speaker delivers high-quality speech reproduction for video conferencing applications. PoE-enabled with a low-profile design, the MXN5-C is optimized for easy installation in drop ceiling configurations.
